**EDEN AUTISM SERVICES APPOINTS JENNIFER BIZUB  
AS CHIEF OPERATING OFFICER**

PRINCETON, NJ (July 1, 2014) – Jennifer Bizub, a proven business leader with extensive experience in both the for-profit and non-profit sectors, has been named Chief Operating Officer for Eden Autism Services effective June 23, 2014. Bizub will oversee Eden’s human resources, information technology, and strategic planning functions with a strong focus on advancing the organization’s mission through building teams and systems to align and promote Eden’s strategic goals.

“Jennifer has the ideal combination of strong business acumen as well as enormous compassion for the autism community,” said Peter H. Bell, Eden’s president and CEO. “Eden is committed to changing the way in which autism services are delivered to individuals living with autism over their lifespan. Jennifer’s demonstrated leadership in strategic planning, organizational development, and mission integration will help Eden become the premier autism provider in the country.”

“The opportunity to work for an organization with Eden’s reputation and scope of services is very exciting,” said Bizub. “I look forward to working with Eden’s leadership to enhance and strengthen its operational excellence.”

Bizub’s professional experience includes retail operations and banking, international business management consulting, and most recently Chief Human Resources Officer for Autism Speaks, the world’s leading autism science and advocacy organization. She earned a B.A. in Social and Behavioral Sciences with a concentration in Business Administration from Felician College. She lives in Spotswood, New Jersey with her three children.

**About Eden Autism Services**

Eden Autism Services is a recognized leader in improving the lives of children and adults with autism. Founded in 1975, Eden was among the first service providers to expand its program to address the needs of individuals on the autism spectrum from the point of diagnosis through adulthood. Our services include early intervention therapy, a school for students aged 3 to 21, adult employment and residential programs, and curriculum and consultation for educators and other professionals. Autism is the fastest growing serious developmental disability in the U.S. with a national prevalence rate of 1 in 68 children (1 in 45 in New Jersey).
