EDEN AUTISM SERVICES

Assessment and Curriculum

The Eden Autism Assessment provides educators and therapists with a tool that allows for the accurate assessment of a student's current abilities and skill levels. This assessment identifies a student's strengths and weaknesses, assists with goal selection, tracks progress, and makes it easy to translate the assessment into concrete IEP goals.

The Eden Autism Curriculum is a comprehensive series of teaching programs designed to provide a valuable resource to enable professionals and parents to effectively teach students with autism. The Eden Autism Assessment and Curriculum Series reflects the collective experience of Eden faculty during the past 37 years of providing comprehensive, individualized services to children and adults with autism.
